

## INTERNATIONAL STAFF WEEK **FUTURE OF EDUCATION**

---

**16 - 20 March 2026**

### **International Staff week at Turia University**

**Dates: 16 - 20 March 2026**

**Place: Riga, Latvia**

Turiba University partners are welcome to participate in the international staff week which will take place from 16 - 20 March 2026. The staff week is organized as an Erasmus+ BIP Course “Future of Education”. BIP course No. 2025-1-LV01-KA131-HED-000307250-1.

The main aim of the event is to bring together teaching and academic staff of partner universities and to create a space for learning and sharing knowledge and experiences. The field of education is transforming rapidly, and new challenges are emerging related to the ethical use of AI in education. Universities must support innovation, research, an inclusive environment, and more practical approaches to teaching. These are challenges and issues important for all universities across Europe. That is why we want to bring together teaching and administrative staff to discuss and learn new approaches and solutions for shaping the future of education.

**Target group:** administrative staff from partner universities. At the same time, the staff week will also be interesting for lecturers and researchers, as within its framework Turiba University International Scientific Conference will take place, offering thematic workshops and opportunities to meet faculty representatives.

Participants will have the opportunity to get to know Turiba University, learn more about and share experiences in international projects, international relations, and the work of different divisions at the university, as well as participate in the International Scientific Conference, join various thematic workshops, and network with other participants.

The number of participants is limited, therefore please fill in the application form. The project manager will inform you if you are accepted for participation.

**APPLY HERE:** <https://forms.gle/fxyQWPQopc4dCo2V7>
